

Dear Parents / Carers,

After the announcement last night, we are busy organising home learning for the next six weeks. Your child will have daily online lessons set on Seesaw. **Please contact school if you need these login details emailing out to you again.** This work will be explained on a planner sent on Seesaw to you every week. This will also be available on the school website. The planner will be located in the parents tab of the website, home curriculum and then choose your child's year group. **We encourage you to use Seesaw for home learning as this work is personalised to your child by their class teacher.**

If there is a reason why your child cannot access home learning via Seesaw then please inform school ASAP. **It is a government requirement that your child is working from home during this time. You child will not have the opportunity to revisit this upon return to school.**

There are also many online resources that your child has login details **which we encourage them to use daily at home in addition to Seesaw.** These are listed below with relevant links. The passwords are already uploaded to your child's Seesaw account, please contact school if you need further help.

Reading plus	www.readingplus.co.uk
Spelling shed / Maths Shed	www.edshed.co.uk
TTRockstars	www.ttrockstars.co.uk
Reading Eggs	www.readingeggs.co.uk

Thanks for your continued support
