White Rose Maths For Your Children

Dear Parents,

We are pleased to share with you an additional home learning resource which you can start at any time. White Rose Maths have provided on their website, a daily maths lesson comprising a short video tutorial and a two page worksheet (answer sheets provided)

To access this resource:

Visit Webpage www.whiterosemaths.com

Click on the red link: Home Learning Live – click here!

Click on the appropriate link for your child's year group

You will then see a video to the left of the screen with a white play button. Your child should play the video, watch it again if necessary and then complete the worksheet which is accessed by clicking on the Get the activity button. Ideally, you will print out the sheet for your child to complete. Click on Get the answers to mark the work. There is a lesson for every day of the school week. Begin with lesson one and then work through all lessons in sequence.

Enjoy White Rose Maths!

This information can be accessed via the Home Learning Page on the school website.

Thanks all
